5th March 2022

SCHOOL TRANSPORTATION CONSENT FORM

Dear Parent,

We plan to resume the transport facility by the **1st week of April-2022**. Parents wishing to opt for the transportation facility for their children are requested to share their consent by filling out the consent form. Please note the following:

1. We have revised the pricing owing to the hike in diesel prices over the last two years. The pricing this time also has been restructured into three slabs as mentioned below-

Distance from School	Price/Month
Within 10 km	INR 2900
Above 10 km	INR 3900
Special Case- Trishulia (Cuttack) & Jatni	INR 4500

This pricing will be the same for all the students irrespective of wing or class.

2. The transportation service for this year will be only available once the students fill out the consent form and also after that, pay the quarterly advance for the transportation fees through the ODM Connect App. Once the consent is received, the transportation fees for the quarter will be updated within 3-4 working days, and then parents will be required to pay the fees through the app only.
3. You are required to fill out the **transportation consent form** latest by **8th March 2022 (06:30 pm)**
