

Dear Parents,

Greetings from ODM!

During the academic session from 27-06-2022 to 31-08-2022, we are sharing an important document with you to have an idea well in advance of every learning session that we will be having during this period.

In the document, you will find important segments

1. Course Progress Plan

❖ **Course Progress Plan***: In this segment, we have divided the syllabus into fragments i.e., Chapter wise and sub-topic wise bifurcation for each session. It actually will make you/student aware of what will be taught in a particular session. At the end of the day, students need to practice the questions mentioned in the ***QUESTIONS TO BE WORKED OUT*** column.

Dear Parent/Student,

The DCP is provided to give you an idea of what is going to be taught on which day and what is the homework to be done. We will be following the syllabus strictly to ensure proper utilization of classroom academic time. If on any given date, you find a particular portion which is mentioned in the DCP is not being taught, please you can directly raise it on Happiness Helpdesk.
