d. If a student continues to commit offenses of different types (but first time offenses), then the Disciplinary Committee has the right to take stricter actions. (e.g. let's say a student bullies another child. Next time he is found getting down at a non-designated bus stop intentionally. Then again, let's say he/she is found smoking or loitering outside campus post school hours. In this case, each offense will not be treated like a first time offense)

e. In case a student has committed 3 or more offenses in total, then he/she will be temporarily suspended from the school. Any further offenses post resumption of school will lead to permanent suspension (if required). Please note that the tenure of the temporary suspension shall be decided by the Disciplinary Committee members.
