**LET'S REVISE
(LESSON -6)**

SOME GOLDEN WORDS

Everyone makes mistakes. When we make a mistake or offend someone the word **"SORRY"** brings forgiveness and peace. It does not make one weak, instead shows their strength of character.

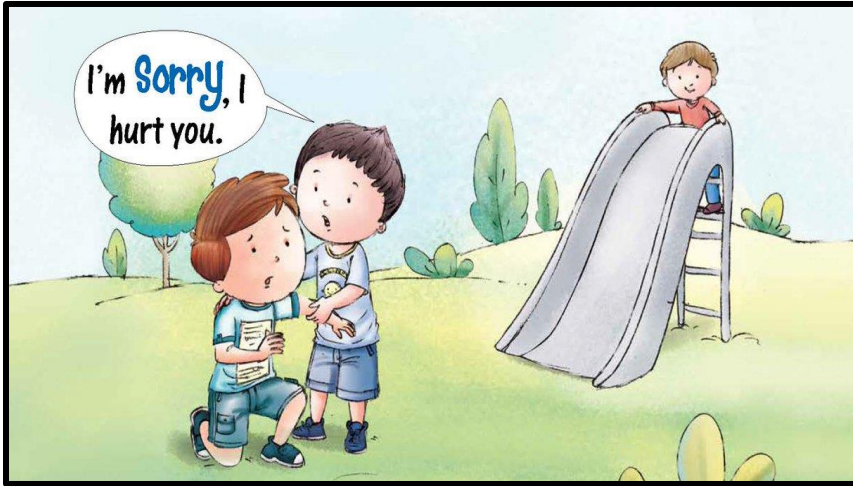

Sorry friends I'm late,
I want to read
with you all.

It's ok, come on!
We are waiting.

“Sorry” is a short word for an apology .

When we say "sorry" it helps in the following-

:to build friendship

:spread positivity.

:to make us more likeable to everyone

:to be respectful to peers & elders

It conveys a message that a child is well behaved.
