**Lets recapitulate**

Mary and her friends practices singing for 3 hours 30 minutes everyday. How many minutes do they practice singing each day?

**The duration of practicing singing everyday**

**= 3 hours 30 minutes**

**Since 1 hour = 60 minutes**

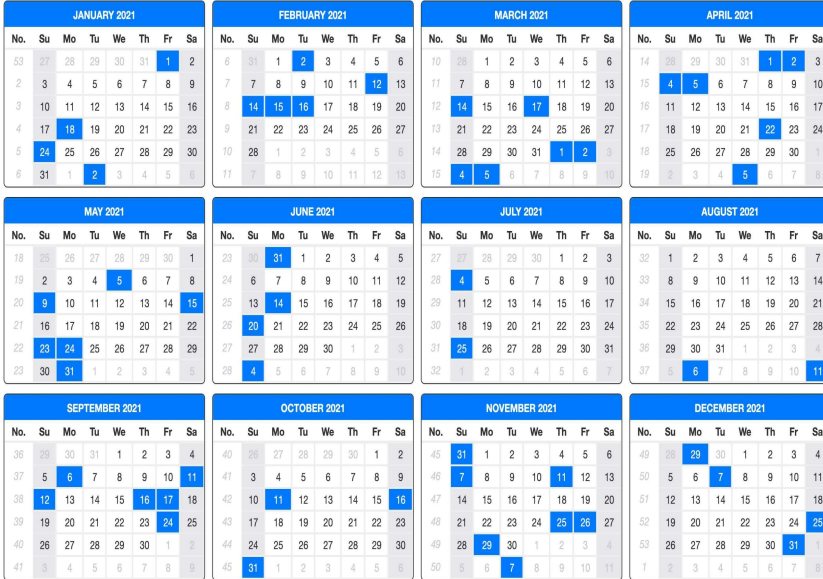

**so, 3 hours =  $3 \times 60$  minutes = 180 minutes**

**Thus, 3 hours and 30 minutes = 180 minutes + 30 minutes = 210 minutes**

**So, the duration Mary and her friends practice singing is 210 minutes.**
