Today's Topic

Days in a week

There are 7 days in a week .
4 weeks make a month.

Months in a year

A year has 12 months.
There are 365 days in a year.

January, March, May , July, August , October , and December have 31 days.
April , June , September and November have 30 days.

February has 28 days except in the leap Year, February has 29 days. So, there are 366 days in a leap year. The year divisible by four is a leap year.

Match the numbers with the days
