Answers:- 1. d      2. a      3. c

## Fill in the blanks.

1. The grasslands of North America are called \_\_\_\_\_.
2. The cattle are kept in large farms called \_\_\_\_\_.
3. Food grain is stored in \_\_\_\_\_.

## Answers

1. prairies
2. ranches
3. silos

**Answer the following questions in two or three lines.**

- 1. Why is the prairies called the “Wheat Basket of the World”?**
- 2. What is the difference between hunting for food and hunting for pleasure?  
Should both form of hunting be banned?**

**Answers**

**1. The soil and climate of Prairies are the most suitable for the cultivation of wheat and maize. So the production of wheat is so large that USA exports surplus wheat to other countries. Therefore, the Prairies of North America are called “Wheat basket of the world”.**

## Answer

**2. What is the difference between hunting for food and hunting for pleasure?  
Should both form of hunting be banned?**

**Ans. Hunting for food means chasing and killing of animals by people or other animals, for food or survival. But hunting for pleasure means killing animals just for pride. Yes, it should be banned as it creates an imbalance in environment.**

**Answer the question in three or four lines.**

**1. Mention the latitudes between which the temperate grasslands of the world are located. Write their names.**

**Ans. Temperate grasslands of the world are located between latitude  $23.5^{\circ}\text{N}$  and  $66.5^{\circ}\text{N}$ , and between latitude  $23.5^{\circ}\text{S}$  and  $66.5^{\circ}\text{S}$ . The five main temperate grasslands are-**

- **Prairies in North America**
- **Pampas in South america**
- **Steppes in Russia**
- **Veld in South Africa**
- **Downs in Australia**
