Seeing this picture what comes to your mind?

The story is all about how Afzal and his friends play on a rainy day. Afzal, Mohan and Noorie were watching the great rain drops ran down the window glass. They waited for a long time but the rain didn't stop. Suddenly, Mohan got an idea to go up to the attic and play. Three of them agreed and went to the specious place of the house. There they found three brooms and began to play “soldier”.

- The attic was not very large but the children made space to play. While they were playing Afzal's mother was baking her special cookies for them downstairs. Her secret was that she dipped the dough in sugar syrup to sweeten it. While she was making the cookies for them she could hear them as they marched along. She could also hear Afzal's command (About turn) every time they reached one end of the room.
- When they became tired of playing , they pulled down some old dresses and hats hanging on a peg, put them on and acted like grown ups. Then, out of an old box , they dragged a scrapbook full of picture, and sat down to look them over.
