CHANGING YOUR TOMORROW

LEARNING OBJECTIVE:

To provide knowledge about use of different tools in tux paint.

MAGIC TOOLS

In Tux Paint there are various magic effects that allow you to draw wonderful patterns.

Mosaic Effect

The mosaic effect tool is used to apply pattern of many small coloured pieces of stones on the canvas.

Kaleidoscope effect

This tool is used to create free-hand patterns. The most amazing feature of this tool is that even if we move the magic wand from a single point, it draws from all the four direction

EMBOSS EFFECT

This magic tool gives a raised effect to an object from the surface that you have drawn.

RAINBOW EFFECT

In the sub tools of magic tool, there are two types of Rainbow effect tools.

RAINBOW EFFECT- It draws a trail of rainbow colours as you drag the magic wand on the drawing area.

REAL RAINBOW- It allows you to draw a rainbow just like the one you see in the sky after rain fall.

PRINTING AND DRAWING

Tux paint allows you to print and drawing on a paper
