

SESSION : 3
CLASS : IV
SUBJECT : ENGLISH
CHAPTER NUMBER: 3
CHAPTER NAME : Recycling
SUBTOPIC : Introductory activity

CHANGING YOUR TOMORROW

LEARNING OBJECTIVE :

Enable the students to know

About a new idea

Some new terms and their usage

develop thinking and reasoning skill

Observe the picture and express your view.

Do you ever seen this symbol? What do you understand by it?

Why recycling is important? Lets watch a video to get the answer.

Have you noticed plastic bottles and other plastic materials thrown into drains or floating in the sea or in the river?

What would you do if you found an empty plastic bottle?

Do you think waste materials harm the environment? If yes, how?

LEARNING OUTCOME:

- 1) knowledge about the topic.
- 2) Co relate with daily life.
- 3) Knowledge of new words.

THANKING YOU
