# LEARNING OBJECTIVE :

- The students will able to
- Understand and comprehend
- Think and express
- Remember and apply the rules of grammar

# LET'S RECAP

- Remember the comparative and superlative adjectives.

Now , look at the following words

Positive	Comparative	Superlative
bad	worse	worst
far(distance)	farther	farthest
far(extent)	further	furthest
good	better	best
ill	worse	worst
late	later	latest or last
less	lesser	least
little(amount)	less	least
many	more	most
much	more	most

- Some adjectives use entirely new words to form their comparative and superlative adjectives. Such words are called irregular adjectives.

# Some common irregular adjectives

- Good            better            best
- Bad             worse            worst
- Much/ many    more            most
- Little           less             least

If an adjective is long and does not end with **-y**, the word **more** is usually added to comparative form and **most** to the superlative form.

example – careful / more careful / most careful

practical / more practical / most practical

beautiful / more beautiful / most beautiful

2. Underline the comparative and superlative forms of irregular adjectives.

There is a football match between our school and another. They have a better team than ours. The last match with them was the worst one we had in the entire tournament. Their captain scored a goal from the farthest possible point. Our goalkeeper dived to his left, but the ball went past him between the goalposts. This time, our hopes of winning the match are lower. Our only hope is Dev, who is the best striker in the city.
