

**SESSION : 3**  
**CLASS : IV**  
**SUBJECT : ENGLISH**  
**CHAPTER NUMBER: 3**  
**CHAPTER NAME : Recycling**  
**SUBTOPIC : Get Going Q No – 1 & 2**

---

**CHANGING YOUR TOMORROW**

---

## GET GOING

- A . Let us find the answers from the text.
  - 1. Number the steps in the correct order.
  - Sorting collecting melting flaking
- 1 collecting
  - 2 sorting
  - 3 melting
  - 4 flaking

## **2. Answer these questions**

**a. What will happen if we do not recycle plastic?**

**Ans- If we do not recycle the plastic then it will pose a threat to the environment.**

**b. Why it is important to separate recyclable waste from non recyclable waste?**

**Ans- It is important to separate recyclable waste from non-recyclable waste because all waste cannot be recycled.**

- **Fill in the blanks.**

**Plastic bottles are collected long with other plastic waste from \_\_\_\_\_ houses, hospitals, \_\_\_\_\_ and other places. They are then taken to a \_\_\_\_\_. The bottles and other containers are \_\_\_\_\_. Then, they are sorted based on the \_\_\_\_\_ and \_\_\_\_\_ of the plastic. Each set is then sent to a \_\_\_\_\_ machine. The shreds are \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_. The plastic is then shaped into \_\_\_\_\_. The \_\_\_\_\_ are used to make various products.**

## ANSWER KEY

School

thin
