Dt. Answer the following questions:-

1. What is the difference between weather and season?

Ans → Some days are warm, some days are cool and some days are rainy. These are called the **weather** of a place.

When we have the same weather for a long time, it is called a **season**.

2. Write the name of three seasons.

Write a sentence about it.

Ans → The three seasons are summer season, monsoon season and winter season.

Summer- March, April, May and June are the summer months.

Monsoon- The rainy season occurs during the months of July, August and September.

Winter- November, December, January and February are the winter months.

3. What kind of clothes do we wear during the following seasons ?

a. summer:- We wear cotton clothes in summer season.

b. winter:- We wear woollen clothes in winter season.
