LES SAISONS

What Are The Seasons Of The Year In French?

You already know that a year has 4 seasons. A season is "une saison" in French. In plural, a silent **s** is added at the end of the word. For example, les 4 saisons (the 4 seasons). Here is the list of the seasons of the year in French.

Saison	Season
Le printemps	Spring
L'été	Summer
L'automne	Fall
L'hiver	Winter

LES SAISONS

Which months are in each season?

The winter is l'hiver. It lasts from December, January, February, and March.

Spring is le printemps. It includes the following months: March, April, May, and June.

Summer is l'été. Summer's months are June, July, August, and September.

Fall is l'automne. The fall includes September, October, November, and December.

Quick tip: En vs. Au

Use the preposition "en" to say:

in winter: en hiver

in fall: en automne

in summer: en été

As for spring, use the preposition "au" as follows:

in spring: au printemps

Gender and seasons in French

The word "saisons" is masculine in French:

Le printemps, un printemps

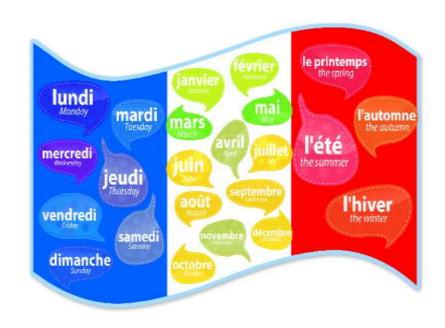

When le is used before the seasons in French, it's reduced to l' as the next letter is either a vowel or

an -h:

l'été, l'automne, l'hiver.
