

SESSION :4

CLASS :08

SUBJECT : SOCIAL SCIENCE

CHAPTER NUMBER: 9

CHAPTER NAME :NATURAL RESOURCES

SUBTOPIC : REVISION WORK-2

CHANGING YOUR TOMORROW

LEARNING OBJECTIVES:

Children will come to know

- ❖ **different patterns of questions.**
- ❖ **More clarity about the topic.**

Fill in the blanks:

1. Petrol and diesel and natural gas are obtained from _____
2. We use clay obtained from soil to make _____ and utensils.
3. A substances burnt to get energy is called _____
4. We should not _____ natural resources.

Fill in the blanks:

1. Petrol and diesel and natural gas are obtained from _____

Ans. Petroleum

2. We use clay obtained from soil to make _____ and utensils.

Ans. pots

3. A substance burnt to get energy is called _____

Ans. fuel

4. We should not _____ natural resources.

Ans. waste

Give one word answer.

1. Animals raised by humans for their use- _____
2. Rocks on the Earth are made up of substances called- _____
3. The loose and uppermost layer on the Earth's surface- _____
4. Resources that will either never run out or are constantly renewed by natural processes- _____

Give one word answer.

1. Animals raised by humans for their use- _____

Ans. livestock

2. Rocks on the Earth are made up of substances called- _____

Ans. minerals

3. The loose and uppermost layer on the Earth's surface- _____

Ans. soil

4. Resources that will either never run out or are constantly renewed by natural processes- _____

Ans. renewable resources

Answer the following questions:

Q1. Water is a renewable resource but we are always told to save water. Why?

Ans.

- a) Only 2% of the Earth's fresh supply of water is there.
- b) Demand of water is increasing due to population.
- c) Many water resources like rivers, ponds lakes etc getting polluted.
- d) Overuse of water leads to water shortage.
- e) Many places receives low rainfall.

Q2. Name two fuels that we get from petroleum.

Ans. Two fuel that we get from petroleum are:

- a. Petrol
- b. diesel

HOMEWORK

Learn chapter- 9

LEARNING OUTCOME:

- **Students will be able to describe the uses of soil.**
- **Students will know that soil is an important natural resource.**
