SESSION NO :05

SUBJECT : MATHEMATICS

TOPIC: CH-7 DIVISION

SUB TOPIC :DIVIDE THE FOLLOWING

Activity -1

JUMP INTO SKIP-COUNTING HOPSCOTCH

- MATERIALS REQUIRED :- An open area to draw a grid and a chalk.
- PROCEDURE :-
- Kids love to play hopscotch , hopscotch is such a fun way to work on this skills.
- Draw a grid on the floor, from number 1 to 20.
- He/she has to jump by counting in 2's, 3's and 5's.
- While counting in 2's ,he/she has to stand on two legs at 2,4,6,8..... on the rest numbers he/she has to stand on one leg.
- If he/she fails to do it correctly, he/she will be out of the game.
- The game will be continued by counting in 3's and 5's in the same manner.

Activity -2

Rock and roll the ball to get the subtraction goal

- MATERIAL REQUIRED :- Chart paper, pencil, Paper cups or bowling pins, ball.
- PROCEDURE:-
- Set up 10 recycle paper cups or containers or bowling pins.
- He/she rolls a ball and knocks down some containers.
- Create a subtraction sentence for that on a chart paper.
- For example:- $10-6 = 4$, $8-5 = 3$.
- Repeat the game with other numbers.

ACTIVITY-3

Count your dots to learn multiplication

MATERIALS REQUIRED:-Playing cards, chart paper and sketch pens.

PROCEDURE:-

This card game helps the child to make the connections.

He/she will take two chart papers, and write player 1 in one paper and player 2 in another paper.

He/she will flip two cards one by one for each player.

Now he/she will draw a grid using both the numbers on the card which he/she flipped for both player 1 and 2 and make dots where the lines join.

Then they have to count the dots , and the person with the most keeps all the cards.

ACTIVITY-4

Craft division fact flowers

- MATERIAL REQUIRED:- Chart paper ,pencil ,crayons, scissor , glue.

- PROCEDURE:-

- Take a chart paper, draw two big flowers.
- Colour it with help of crayons and cut it .
- Paste the centre of one flower on another flower.
- Don't paste the petals of flowers together, only the centre circular part we have to paste it together.
- Take any division fact and write on it and write down answer on hidden petals.

ACTIVITY-5

Story time with Geometrical shapes

- **MATERIALS REQUIRED**:-A-4 size paper,some colour papers,scissors, glue.
- **PROCEDURE**:-
- Use some colour papers and draw different shapes viz circle,triangle,square,rectangle and so on.
- Cut it according to shapes with help of scissor.
- Take an A4 size paper and make a collage using this geometrical shapes and create a small story of your own and present in front of your class.

Let's have a story

- It's a snowy day, Anna wants to play outside and have fun in snow, but Anna's mother is not allowing her to play outside.
