Changing your Tomorrow

Adjectives

Words that tell us more about nouns or pronouns are called adjectives.

The **beautiful** princess is smiling.

A **green** grasshopper is sitting on the flower.

We ordered for **three** cups of coffee.

I live in a **tall** building.

(Grammar book pg - 16)

Q1. Circle the adjectives and underline the nouns they give the information about.

- a) Vinita is a tall girl.
- b) The pizza is very hot.
- c) I love to read short stories.
- d) Hina's brother is a good singer.
- e) I lost my new pen in school today.

(Grammar book pg - 16) Answer

Q1. Circle the adjectives and underline the nouns they give the information about.

- a) Vinita is a tall girl.
- b) The pizza is very hot.
- c) I love to read short stories.
- d) Hina's brother is a good singer.
- e) I lost my new pen in school today.

Types of Adjectives

```
graph TD; A[Types of Adjectives] --> B[Quantitative]; A --> C[Qualitative]
```

Quantitative

Qualitative

Quantitative Adjectives:

An adjective that tells the quantity or position of the noun (how much, how many, first/second/ last) is called a quantitative adjective.

There is **a little** juice in the jar.

There are **many** grains in the sack.

All the students have passed the test.

Rima won the **first** prize.

Some examples of quantitative adjectives:

Whole
enough
any
half
full
a few
most
more

(Grammar book pg - 17)

Q2. Underline the adjectives of quantity in the sentences below.

- a) I need four notebooks for my tuition class.
