LEARNING OBJECTIVE :

To enable the learner to know about-

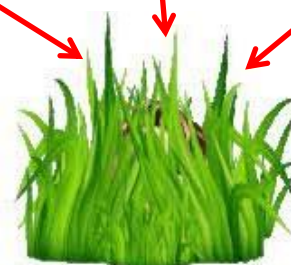

- different types of animals and their eating habits.

GET SET!!

What do the following animals eat ?

MEAT

GRASS

**How to classify the
animals according to
their food habits?**

HERBIVORES

The animals which eat grass or green plants are called plant eating animals or herbivores.

Example : Cow and Giraffe

CARNIVORES

The animals which eat flesh of other animals are called carnivores. Example: Lion, Tiger

OMNIVORES

Animals eat different parts of plants as well as flesh of other animals are called omnivores. Example : Crow & Bear

Humans are also omnivores.

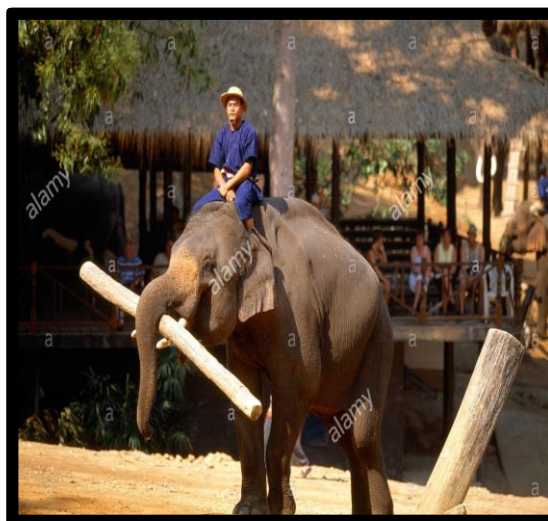

FOOD FOR DOMESTIC ANIMALS

Domestic animals do a lot of work for us.

Animals like oxen, horses, camels, mules, elephants, donkeys carry loads as well as work in the fields.

They should be fed on the energy giving food like oat and fodder.

Animals like cow, goat and buffaloes give us milk.
They need milk producing food.
They should be fed on grass and oilseed-cakes.

LET US ANSWER

A. Write 'H' for herbivore, 'C' for carnivore and 'O' for omnivore.

H

O

C

C

O

H

C

O

MATCH THE STATEMENTS WITH THE PICTURES.

1. I am an omnivore.
2. I am a carnivore
3. I am used for riding.
4. I need energy giving food.
