---

**CHANGING YOUR TOMORROW**

# Hots: Think and Answer

**Q. Animals used for riding , carrying goods or pulling vehicles are called 'beasts of burden'. Why do you think they are called so?**

**Ans.** Animal that helps carry heavy loads like mules, llamas, donkeys are called the burden animals. Any kind of domesticated animals that are trained in doing tasks for the humans are also referred to as the burden animals. These animals are really helpful for the people to carry load from one place to another.

**Q. Your grandmother is seriously ill. Your parents want to reach her as soon as possible . What means of transport would they use? Explain?**

**Ans-** First of we will think the distance where the place of grandma house then we will go in land transport if it near to us , otherwise we will use air transport like aeroplane.
