

SESSION : 2

CLASS : III

SUBJECT- SOCIAL SCIENCE

CHAPTER NUMBER: 03

CHAPTER NAME :CONTINENTS AND OCEANS

SUBTOPIC : DIRECTION ON THE MAP

CHANGING YOUR TOMORROW

Learning Objective

To enable the learner to:

- Know about direction on map.

GLOBE

- **Globe is a man made three dimensional model of Earth.**
- **Globe shows the exact position of continent, country, ocean seas**
- **We can rotate to see the different places.**
- **However globe is not big enough to show all the places detail.**

MAPS

- **Maps are two dimensional representation of globe.**
- **A map is a representation or a drawing of the earth's surface, or a part of it, on a flat surface.**
- **It could be hand drawn or printed.**
- **It helps us identify the places and locations within an area helping us to navigate from one place to another.**

ATLAS

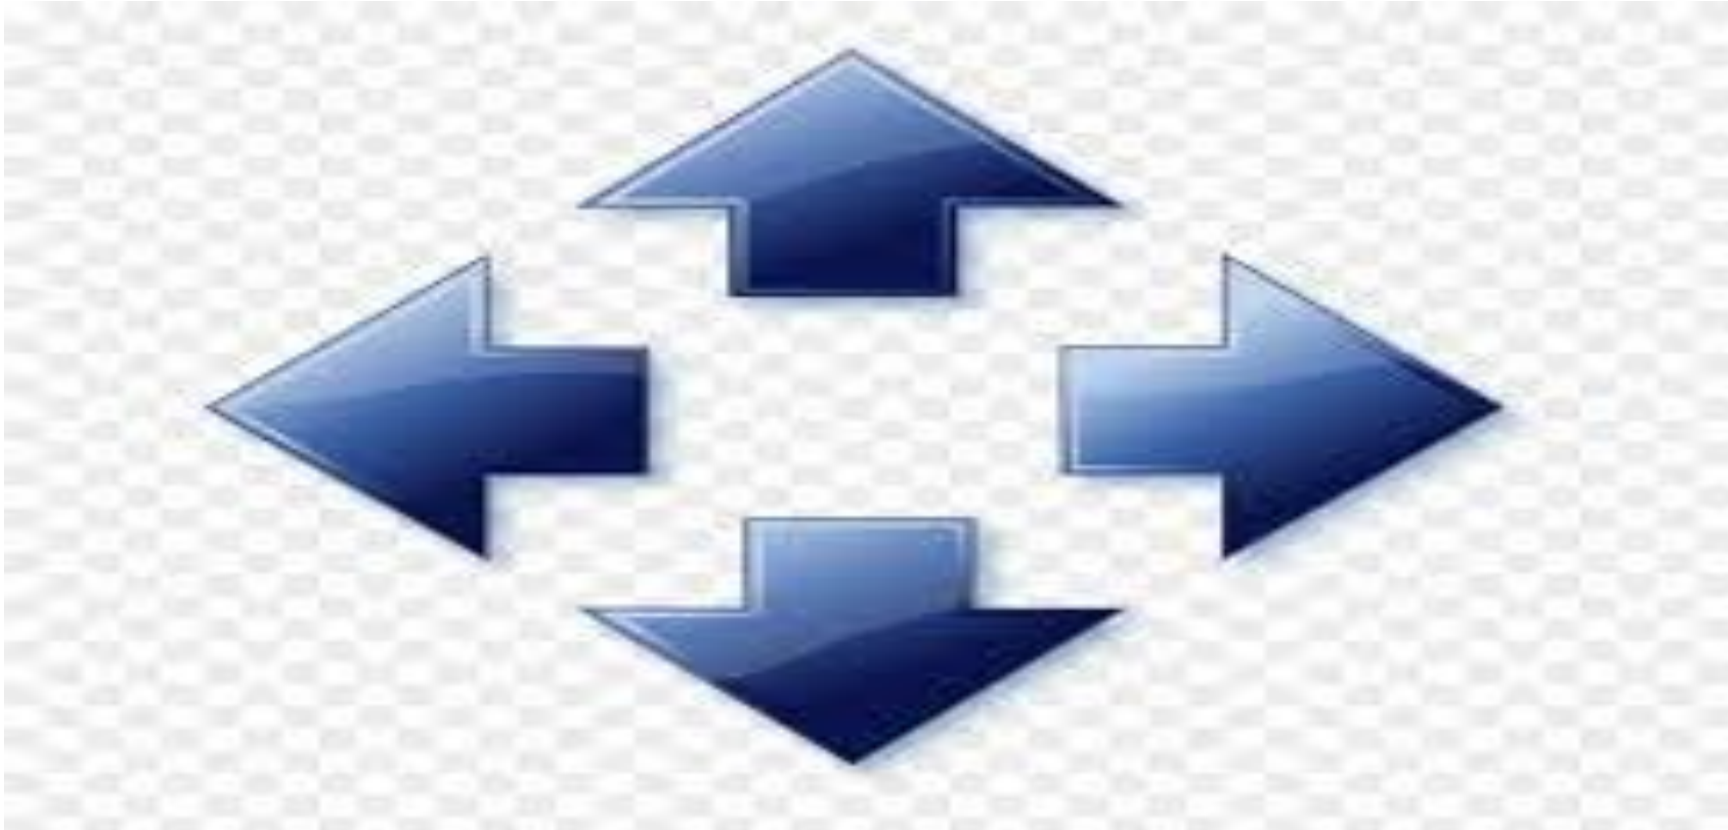

- An **atlas** is a book of maps.
- An **atlas** has a table of contents, an index, and a map key, which help you find information in an **atlas**.
- Atlases are also available in multimedia format.

Direction on Map

- There are four main directions .
- They are East, West, North and South.
- If we stand facing a map the top part of the map is north, bottom is south, the right is east and the left is west.
- These directions helps us to locate places on a map.

Find the Directions

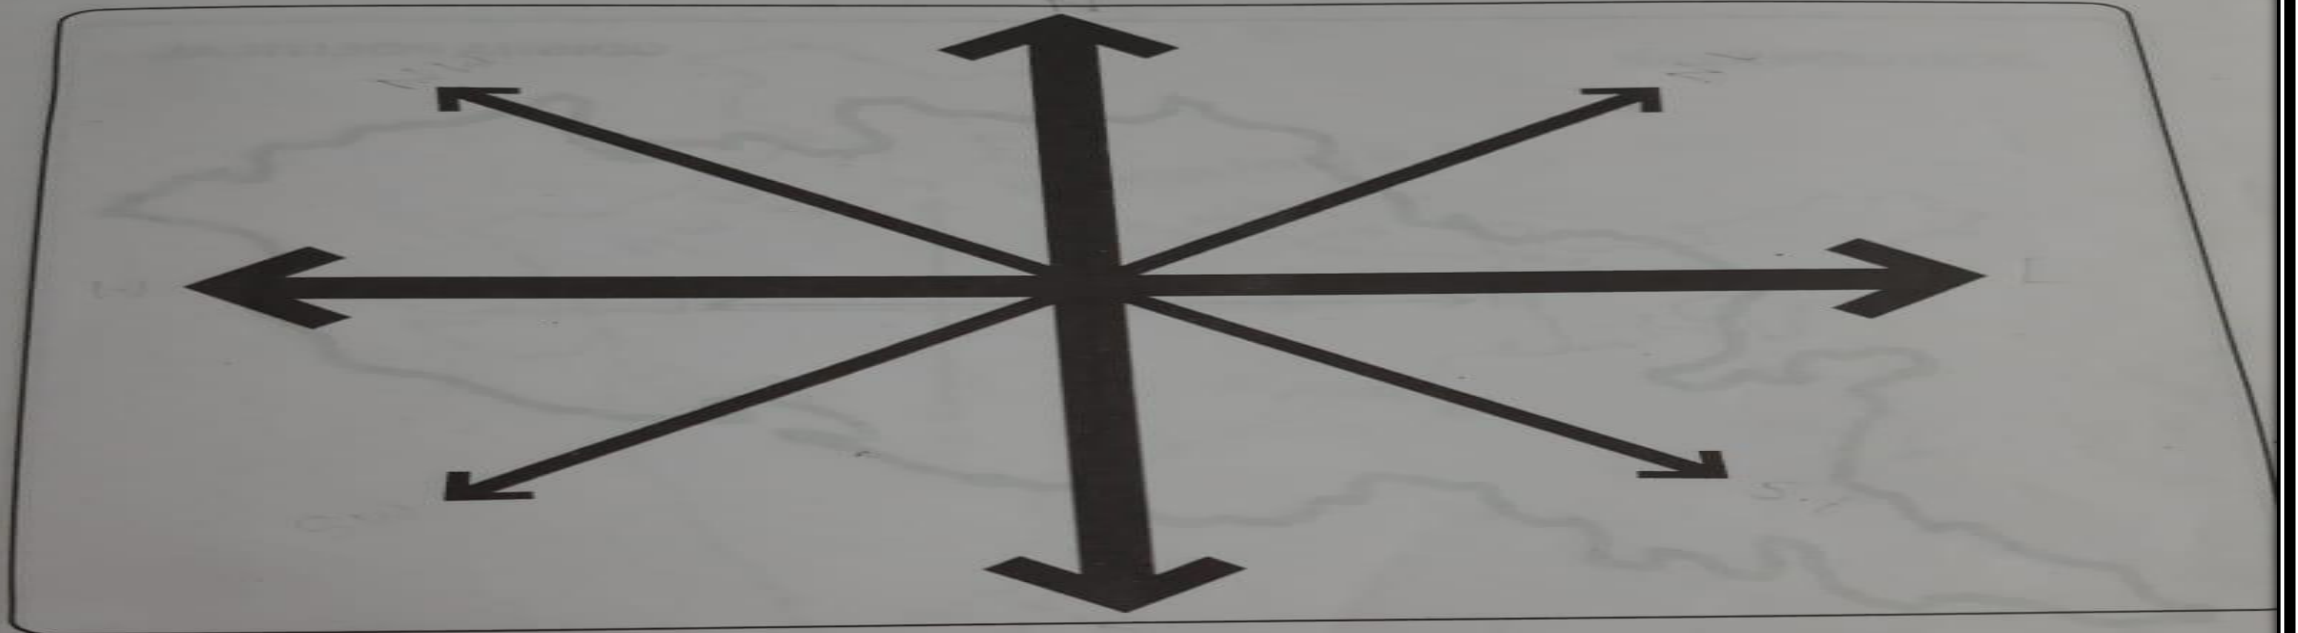

Compass

- A compass is used to find directions .
- Sailors use a compass to find their ways while sailing.
- A compass looks like a watch.
- The needle of a compass always points to the north.

MAP SKILL

1. KNOW THE DIRECTION - PART I

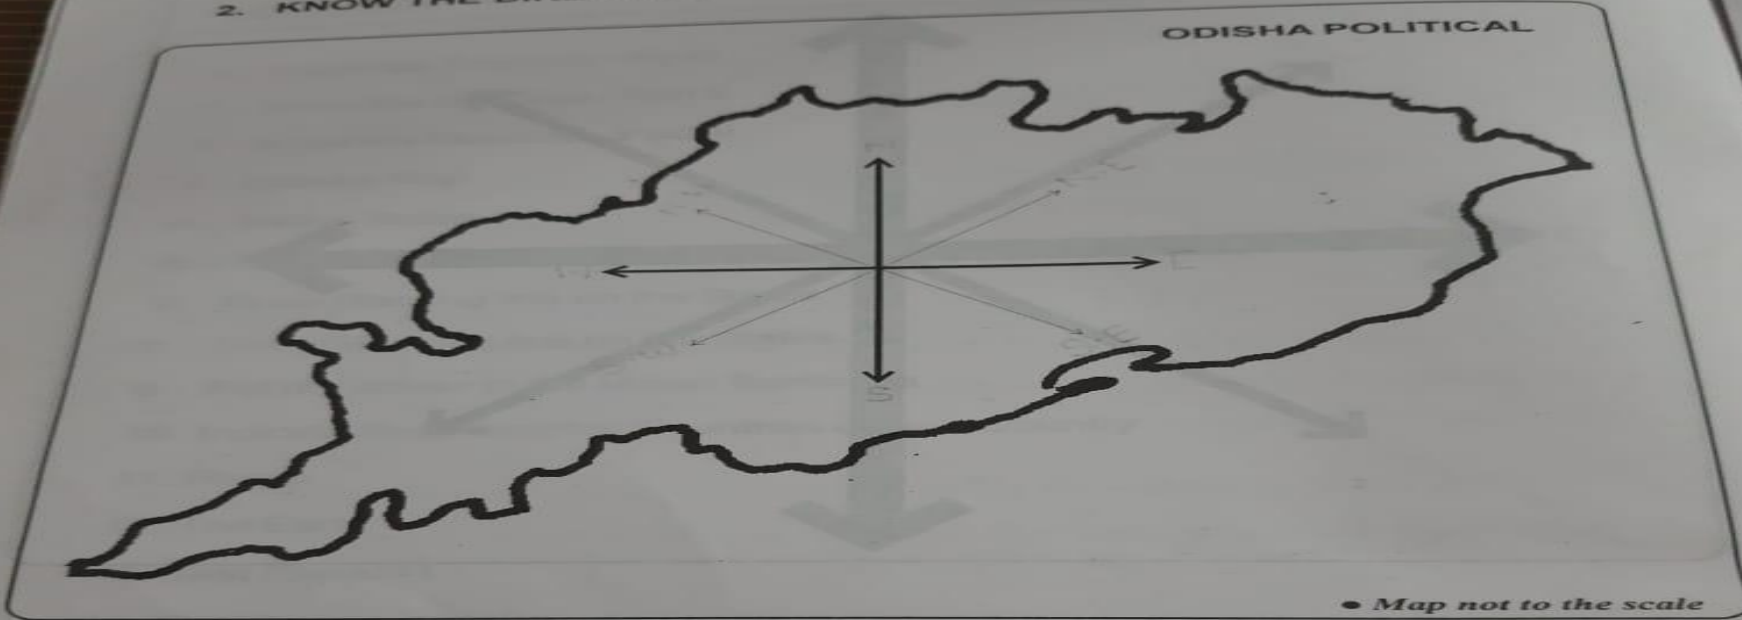

1. Indicate four important directions in the given diagram.
Ex - North, South, East, West
2. Indicate four cardinal directions in the given diagram.
Ex - North-West, North-East, South-West, South-East

MAP SKILL

ODM MAP SKILL

2. KNOW THE DIRECTION - PART II

ODISHA POLITICAL

1. Name the directions in the given map:

Activity

- <https://www.liveworksheets.com/dn1637549tb>

Summary

- ❖ There are four directions East, West, North and South.
- ❖ Compass is an instrument to find the direction.
- ❖ In map upper side is north and lower is south.

HOME WORK

- Write difference between globe and map (write 3 points) in your social science notebook.

Learning outcome

Learner will able to know

- Know the direction on the map.

THANKING YOU
