Gist of the story(Pg 25, 26)

This is the story of a boy named Raju, who had lost a chance to watch an important cricket match. One of his leg was broken and it was in plaster. He was sitting in an armchair and was very upset. His mother tries to make him feel relaxed through words and also advises him to not fidget in order to get well soon.

No words could make him feel relaxed because he had to miss the chance of watching a live test cricket match. The cricket wizard- Sachin Tendulkar was to play in that match. Though, his father tried to convince him that watching a live match in TV was much better than in a crowded stadium, but it was of no use to him.

Gist of the Pg 26 and 27

Raju was still in his bad mood and then entered his brother Renju with chocolate cake and popcorn. He told you can have it while you watch the match in the TV. He also said that he will try to get the autograph of Sachin for him. This made Raju very happy and he asked his mother to switch on the TV. Renju and papa went to the stadium. Raju started watching TV but after sometime he became disturbed because of the itching sensation.

Finally, the match was over and India had won the match. He could see the reflection of that on the faces of his brother and father. Dad said , I have got a hat for you and Renju narrated everything that happened in the stadium. He also begged sorry for not being able to get the autograph of Sachin . It made Raju sad but Renju promised to fulfill the words in the next chance. The newspaper headlines revealed the next day that Sachin is injured and out of the game for next two weeks. Raju had to go to the hospital after two weeks for his check up and change of plaster. He was waiting in the waiting room and then.....
