

SESSION: 13

CLASS: 3

SUBJECT: MATHEMATICS

CHAPTER NUMBER: 2

CHAPTER NAME: NUMBERS

SUBTOPIC: NUMBERS IN ABACUS

CHANGING YOUR TOMORROW

Website: www.odmegroup.org Email: info@odmps.org Toll Free: **1800 120 2316**Sishu Vihar, Infocity Road, Patia, Bhubaneswar- 751024

LEARNING OBJECTIVE:

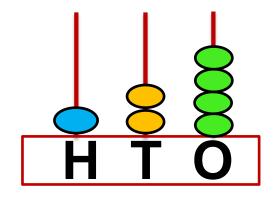

Children will acquire the knowledge:

*About an abacus

*Represent a 4-digit number in an abacus.

Find the number on the abacus

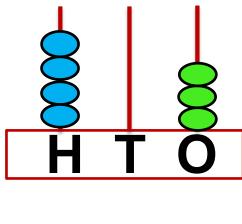

Find the number on the abacus

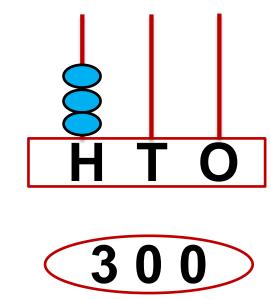

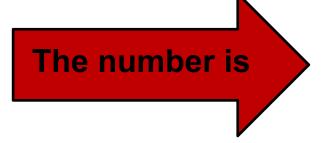

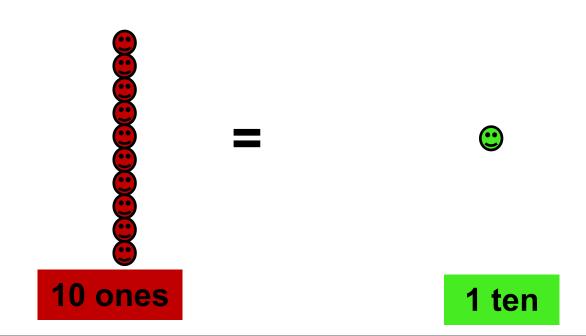

Find the number on the abacus

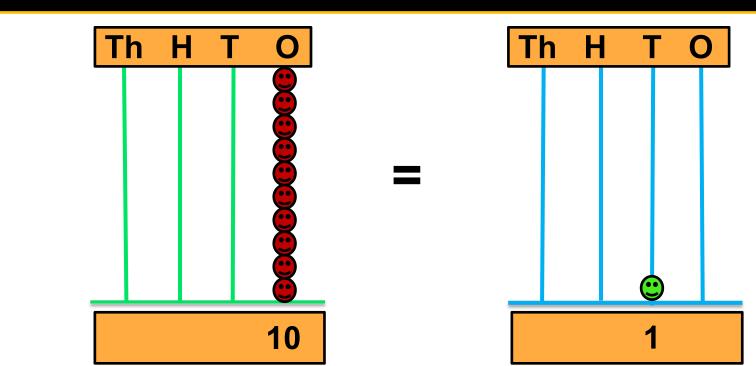

→Here 10 Ones(beads) make one ten i.e. 10 beads in ones place is same as one bead in 2nd spoke i.e. Tens place.

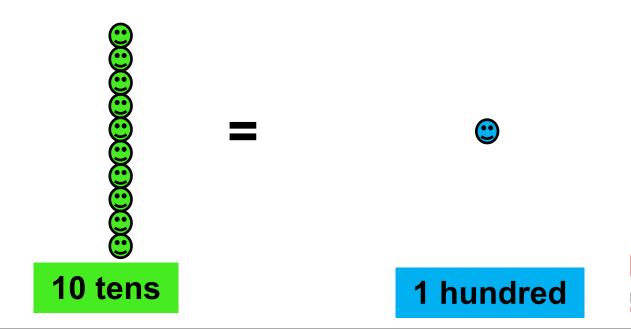

→ Now let us see through an abacus .10 Ones(beads) make one ten i.e. 10 beads in ones place is same as one bead in 2nd spoke i.e. Tens place.

 \rightarrow 10 Tens(beads) in the 2nd spoke make one hundred i.e. same as one bead in 3rd spoke.

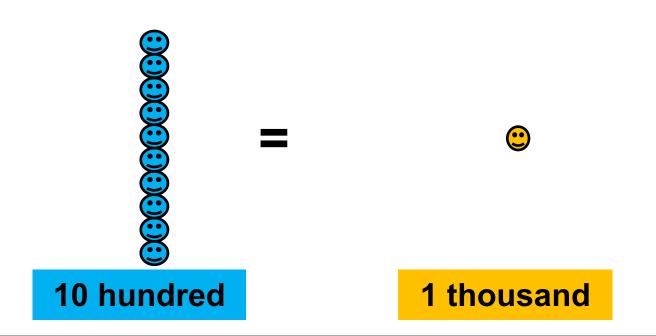

NUMBERS IN ABACUS

→ Now let us see through an abacus .10 Tens (beads) make one hundred i.e. 10 beads in tens place is same as one bead in 3rd spoke i.e. in hundreds place.

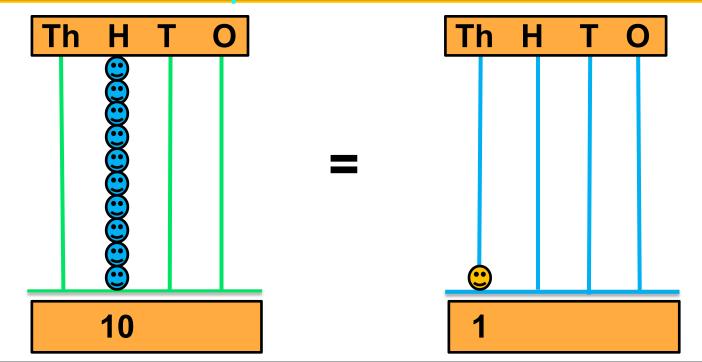

→10 Hundreds (beads) in 3rd spoke makes one thousand which can be represented by one bead in thousands place.

NUMBERS IN ABACUS

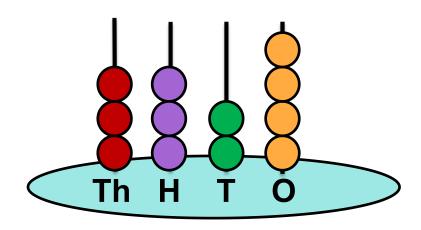

→ Now let us see through an abacus .10 Hundreds (beads) make one thousand i.e. 10 beads in hundreds place is same as one bead in 4th spoke i.e. in thousands place.

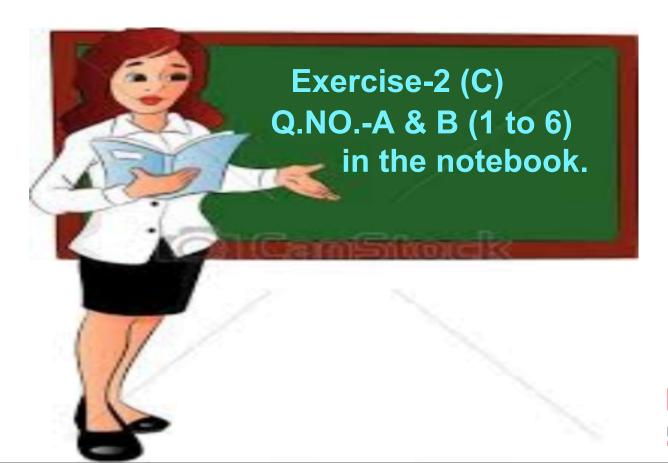

Lets see an Abacus for a 4-digit number

Now can you guess the number ??

It is → 3 3 2 4 i.e. Three thousand three hundred twenty four

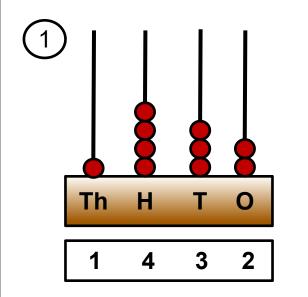

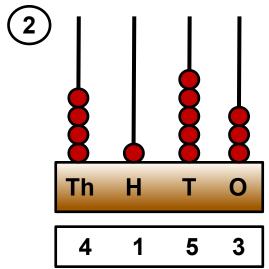

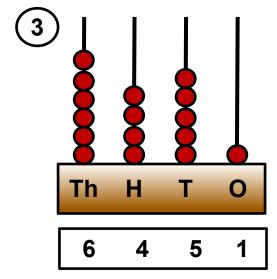

NUMBERS IN ABACUS

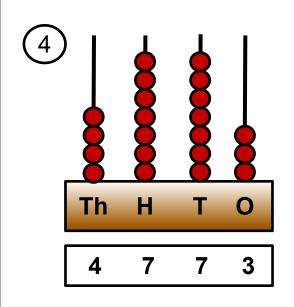

A. Write the number shown on each abacus

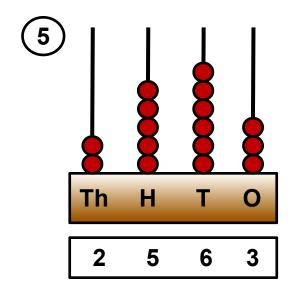

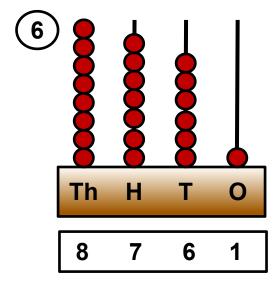

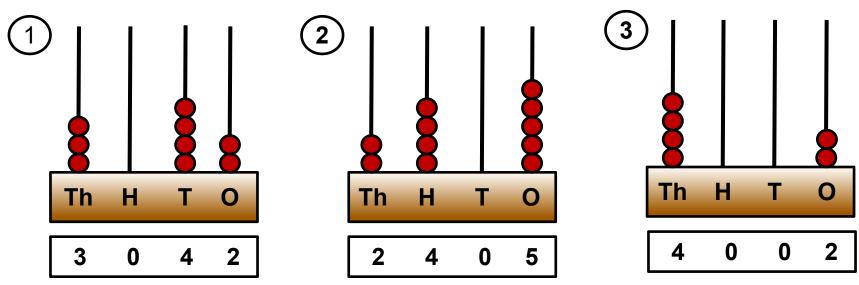

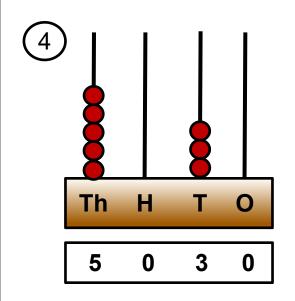

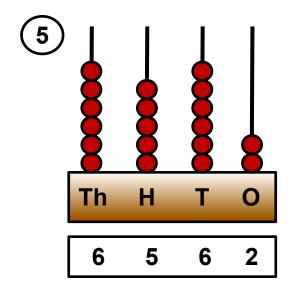

NUMBERS IN ABACUS

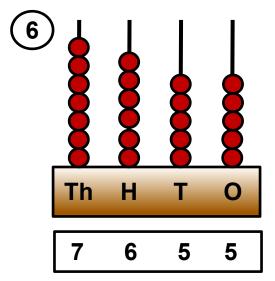

B. Show each of the following numbers on an abacus.

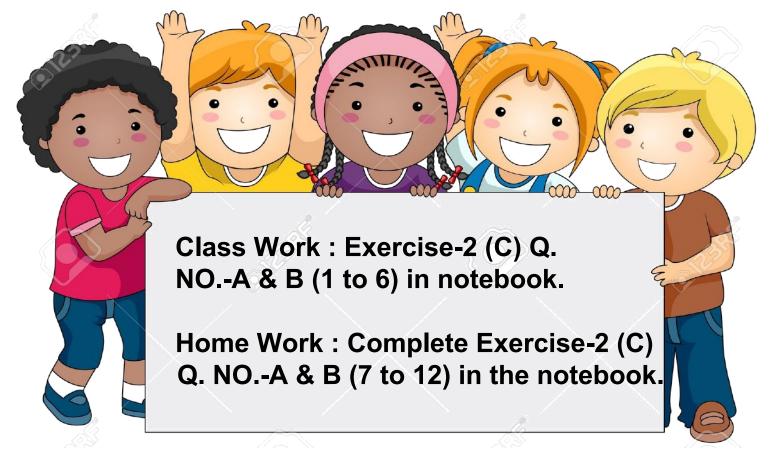

LEARNING OUTCOME:

Children will be expertise in reading a 4-digit number from an abacus and also represent a 4-digit number in an abacus using different colour beads.
