

WELCOME TO THE ONLINE CLASS

SESSION NO: REVISION-1 CLASS: 4 SUBJECT: SCIENCE CHAPTER NUMBER: 10 CHAPTER NAME: FORCE, WORK AND ENERGY SUB TOPIC: MULTIPLE CHOICE QUESTIONS AND ANSWER THE FOLLOWING QUESTIONS

CHANGING YOUR TOMORROW

Website: www.odmegroup.org Email: info@odmps.org Toll Free: **1800 120 2316** Sishu Vihar, Infocity Road, Patia, Bhubaneswar- 751024

LEARNING OBJECTIVE

To enable the learner to:

- recall the previous concept
- asses themselves

RECAPITULATION

1. Simple machine which is used to draw water from the well.

2. A ______ is a machine which looks like a nail with grooves cut into it.

3. Energy which comes out from hot interior of the earth.

4. Energy which is used for running gadgets like television, refrigerator, fan and computer.

5. Plants use ______ energy from the Sun to make food.

(a) heat (b) wind (c) light (d) electrical

- 1. A moving body slows down or stops on its own due to this force.
 - a) Gravitational b) elastic c) mechanical d) frictional
- 2. This is used to open lids.
 - a) pulley b) lever c) wheel and axle d) inclined Plane
- 3. Simple machine makes our work
 - a) hard b) easy c) soft d) complex
- 4. Energy which comes from splitting of an atom.
 - a) atomic b) solar c) geothermal d) wind
- 5. In Vehicles, electrical energy is changed into this energy.
 - a) mechanical b) solar c) wind d) atomic

6. In loudspeaker electrical energy is changed into ______ energy.
a) mechanical b) sound c) geothermal d) solar
7. Energy which comes from the hot interior of the earth.
a) atomic b) solar c) geothermal d) wind
8. Fuels like coal, oil and wood have _____ energy.
a) mechanical b) chemical c) wind d) atomic

Answer the following questions

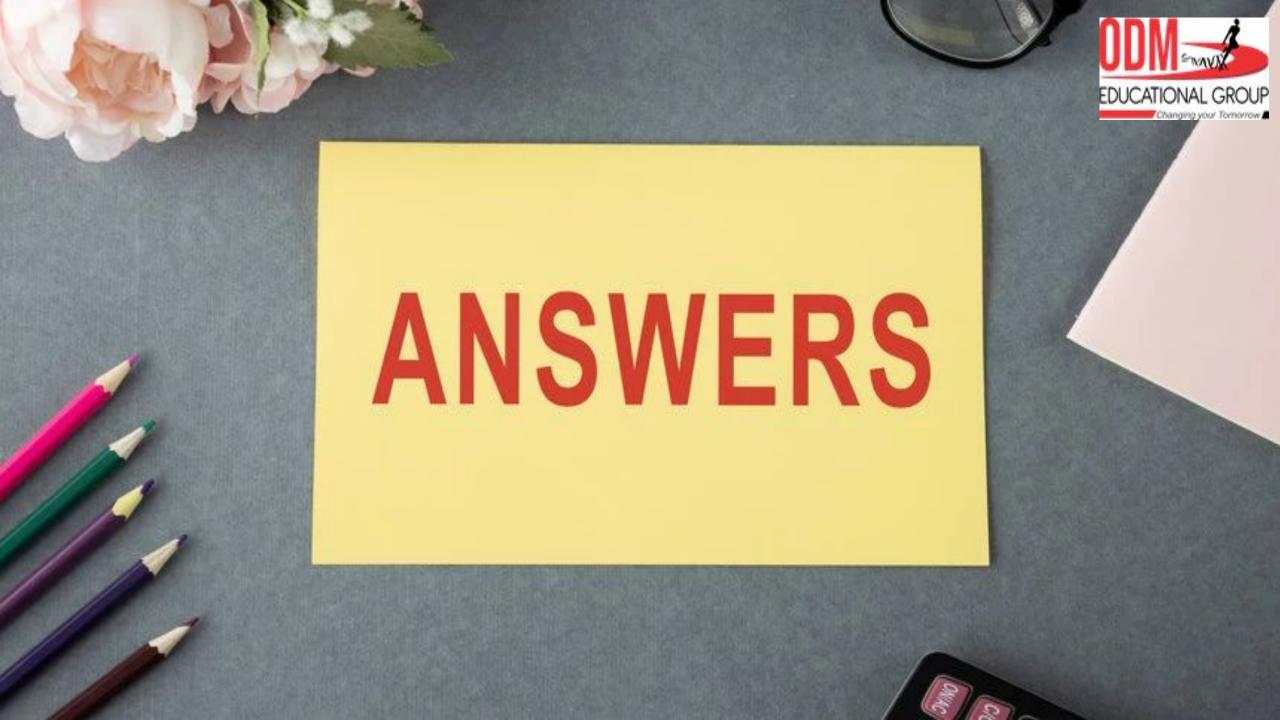

Q1. How do simple machines help us?

Q2.Name five simple machines.

Q3. Name the different sources of energy.

Q4. Write two machines being used at home in which one form of energy is changed into another.

Q5. What do you understand by geothermal energy?

- 1. A moving body slows down or stops on its own due to this force.
 - a) Gravitational b) elastic c) mechanical d) frictional 🚺
- 2. This is used to open lids.
 - a) pulley b) lever 🔽 c) wheel and axle d) inclined Plane
- 3. Simple machine makes our work
 - a) hard b) easy 🔽 c) soft d) complex
- 4. Energy which comes from splitting of an atom.
 - a) atomic 🗹 b) solar c) geothermal d) wind
- 5. In Vehicles, electrical energy is changed into this energy.
 - a) mechanical 🔽 b) solar c) wind d) atomic

6. In loudspeaker electrical energy is changed into			energy.
a) mechanical	b) sound 🔽	c) geothermal	d) solar
7. Energy which comes from the hot interior of the earth.			
a) atomic	b) solar	c) geothermal 🔽	d) wind
8. Fuels like coal, oil and wood have energy.			
a) mechanical	b) chemical	C) wind	d) atomic

Answer the following questions

- Q1. How do simple machines help us?
- Ans: Simple machines help us in many ways:
- ➔ To do our work faster.
- ➔ To change the direction of force used.
- ➔ To do work with less force.
- Q2. Name any five simple machines.
- Ans: Five simple machines are the lever, the pulley, the wheel and axle, the inclined plane, the screw and the wedge.
- Q3. Name the different sources of energy.
- Ans: Some sources of energy are
- a) Sun
- b) Wind
- a) Water
- b) Hot interior of the earth

Answer the following questions

Q4. Write two machines being used at home in which one form of energy is changed into another.

Ans: Two machines being used at home in which one form of energy is changed into another are:

a) In loudspeakers, the electrical energy is changed into sound energy.

b) In electrical motor like grinder mixer, the electrical energy is changed into mechanical energy.

Q5. What do you understand by geothermal energy? Ans: Geothermal energy comes from the hot interior of the earth.

- → Geothermal energy is a renewable energy source because heat is continuously produced inside the earth.
- People use geothermal heat for bathing, to heat buildings, and to generate electricity.

HOMEWORK

• Learn Ch-10 and 11

LEARNING OUTCOME

The learner will be able to :

- recall the previous concept
- asses themselves

THANKING YOU ODM EDUCATIONAL GROUP
