

Chapter- 9

The Animal World

STUDY NOTES**LET'S LEARN:****WILD ANIMALS:**

You will find cows, cats, dogs, crows, pigeons, lizards, squirrels and butterflies in and around your house and school. But, you will not find lions, tigers, bears or giraffes around your house or school. These animals live in the forest. They are called wild animals.

**DOMESTIC ANIMALS:**

Changing your Tomorrow ■

People keep some animals at home or on farms. They are called domestic animals. Cows, buffaloes, hens and goats are domestic animals.

THINGS WE GET FROM DOMESTIC ANIMALS:

We get different kinds of food from domestic animals. Cows and buffaloes give us milk. We make curd, butter, paneer, cheese and ghee from the milk. Hens lay eggs which people eat. Some of us eat the meat of hens and goats.

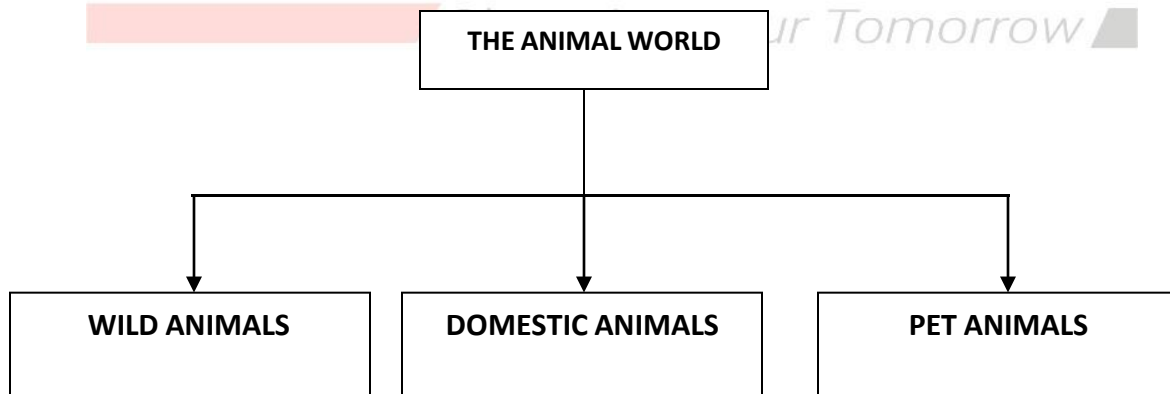

Domestic animals help us in other ways too. Oxen, horses and donkeys are used to pull carts. Wool from the sheep is used to make warm clothes.

PET ANIMALS:

Some people keep dogs, cats, rabbits and birds as pets. Pets need a lot of love and care.

EDUCATIONAL GROUP

MEMORY MAP

LET'S KNOW MORE:**Q1. Fill in the blanks.**
