# ALICE AND THE WHITE RABBIT

# RECAPITULATION

- Once upon a time, there was a little girl named Alice.
- One day, she had a very curious dream. She saw a white rabbit come running in a great hurry; and just as it passed Alice. He took its watch out of its pocket.
- The rabbit had pretty pink eyes and pink ears. It was wearing a brown coat that had letters of English alphabet on it. It also had a yellow waistcoat with a blue neck tie. There was a red pocket-handkerchief peeping out.
- The rabbit said that he will be very late.
- It was going to visit the duchess. The duchess was a very angry old lady.

He was afraid the **duchess** would have him **arrested**. That was what she did when she was angry with people. At least she used to order her man to put them in **prison** she always thought it was done. Though they never really did it.

So, the white rabbit ran , **dodging** the low branches along the way. Alice wanted to see what would happen to it. So she ran after it. She ran and ran, till she **tumbled** right down a rabbit hole.

Down and down she fell , till she began to **wonder** if she was going to come out on the other side of the world!

It was just like a very deep well, but there was no water in it. However, this **terrible** fall came to an end at last. Down came Alice on a **heap** of sticks and dry leaves. The dust made her cough but she wasn't a bit hurt. So she jumped right up, and ran after the rabbit again.
