VERBS CONJUGATIONS

Verbs are action words that express the **action** (He runs) or **state of being** (I am tired) of a sentence. They are one of the main parts of speech.

French verbs have to be “conjugated” or “inflected”; that is, changed according to how they are used. They have five to six different conjugations for each tense and mood.

The basic form of a verb is called the infinitive and is the name of the verb. The English infinitive is “to” followed by a verb, while the French infinitive is a single word with one of three infinitive endings (-er, -ir, or -re). These can then be further divided into **regular verbs**, which follow a standard pattern of verb conjugations, and **irregular verbs**, which don't:

Types of verb in French

regular verbs with an **infinitive ending in -er**, such as manger,

regular verbs with an **infinitive in -ir**, such as finir,

regular verbs with an **infinitive in -re**, such as vendre.
