

Chapter- 1

Revision

WORKSHEET

1. Give the expanded notation of 45,478.

45,478 = Ten thousands thousands hundreds tens ones

2. Give the place value of 8 in 15,783 numbers.

15,783 =

3. Give the expanded form of 59,478 number.

59,478 =

4. Give the expanded form of 48,524 number.

48,524 =

5. Give the compact form of following.

$80,000 + 6,000 + 900 + 30 + 7 =$

6. Write in figures.

Seventy four thousand five hundred eighty one =

7. Write in words.

58,462 =

8. Put the correct sign $>$ or $<$.

5,974 5,697

9. Put the correct sign $>$ or $<$.

94,679 94,479

10. Rewrite the following in ascending order.

57,821, 69,754, 5,597, 668

11. Rewrite the following in descending order.

4,566, 45,975, 4,587, 559

12. Write the successor of 56,475.

56,475 =

13. Write the predecessors of 79,678.

79,678 =

14. Write the smallest number using of 5, 7, 3, 0, 8 (use each digit only once).

5, 7, 3, 0, 8 =

15. Write the greatest number using of 7, 9, 2, 7, 3 (use each digit only once).

7, 9, 2, 7, 3 =

-----X--X--X-----
