

Date : 14-Sept-2021

Subject : Uploading of Worksheet in ODM Connect App.

Dear Students,

Greetings from ODM Educational Group!

We believe that all our students & parents are safe during this pandemic.

During this pandemic, as we are unable to conduct offline classes, Our own Tech Team has developed & activated the **Worksheet Module** under the **Learning Management System** of **ODM Connect** for smooth running of Academics.

Here in this module,

1. Students will be able to see the worksheet sent by school to students.
2. Worksheet will have Due Date & Time along with the full marks.
3. Students need to complete the worksheet and submit the scanned copy of the solved worksheet with the help of the upload option provided in ODM Connect before due date & time.
4. Teachers will evaluate the worksheet & give a score!
5. Once the worksheet is evaluated, students will be able to check their obtained score!
6. Students & Teachers will be able to communicate with each other under the same worksheet for any clarifications on Score!

Stay Safe! Stay Healthy!

Thanks & Regards!

ODM Educational Group
