LET'S SEE HOW TO SOLVE A WORD PROBLEM.

Santa had brought lots of gifts for
the children.

He brought 38
gifts for the
children.

HE GIVES 25 GIFTS TO THE CHILDREN.

HOW MANY GIFTS ARE LEFT WITH HIM ?

LET'S SOLVE

	T	O
Number of gifts Santa had brought	3	8
Number of gifts he gave	- 2	5
Number of gifts left with him	1	3

So, 13 gifts are left with him.

TODAY'S CLASS WORK

Word problems:

1. Misha has a book of 92 pages to read. She has already read 68 pages so far. How many more pages does she need to read to complete the book?

8

12

T	O
9	2
6	8

24

Total number of pages

Number of pages read

Number of pages left unread

So, she needs to read 24 pages to complete the book.

2. There are 14 butterflies. 7 of them fly away. How many butterflies are left?

Total number of butterflies

Number of butterflies fly away

Number of butterflies left

T	O
1	4
-	7

7

So, 7 butterflies left.

3. Raju has 27 toffees. He distributes 6 toffees to his friends. How many toffees does he have now ?

Total number of toffees

Number of toffees he distributes

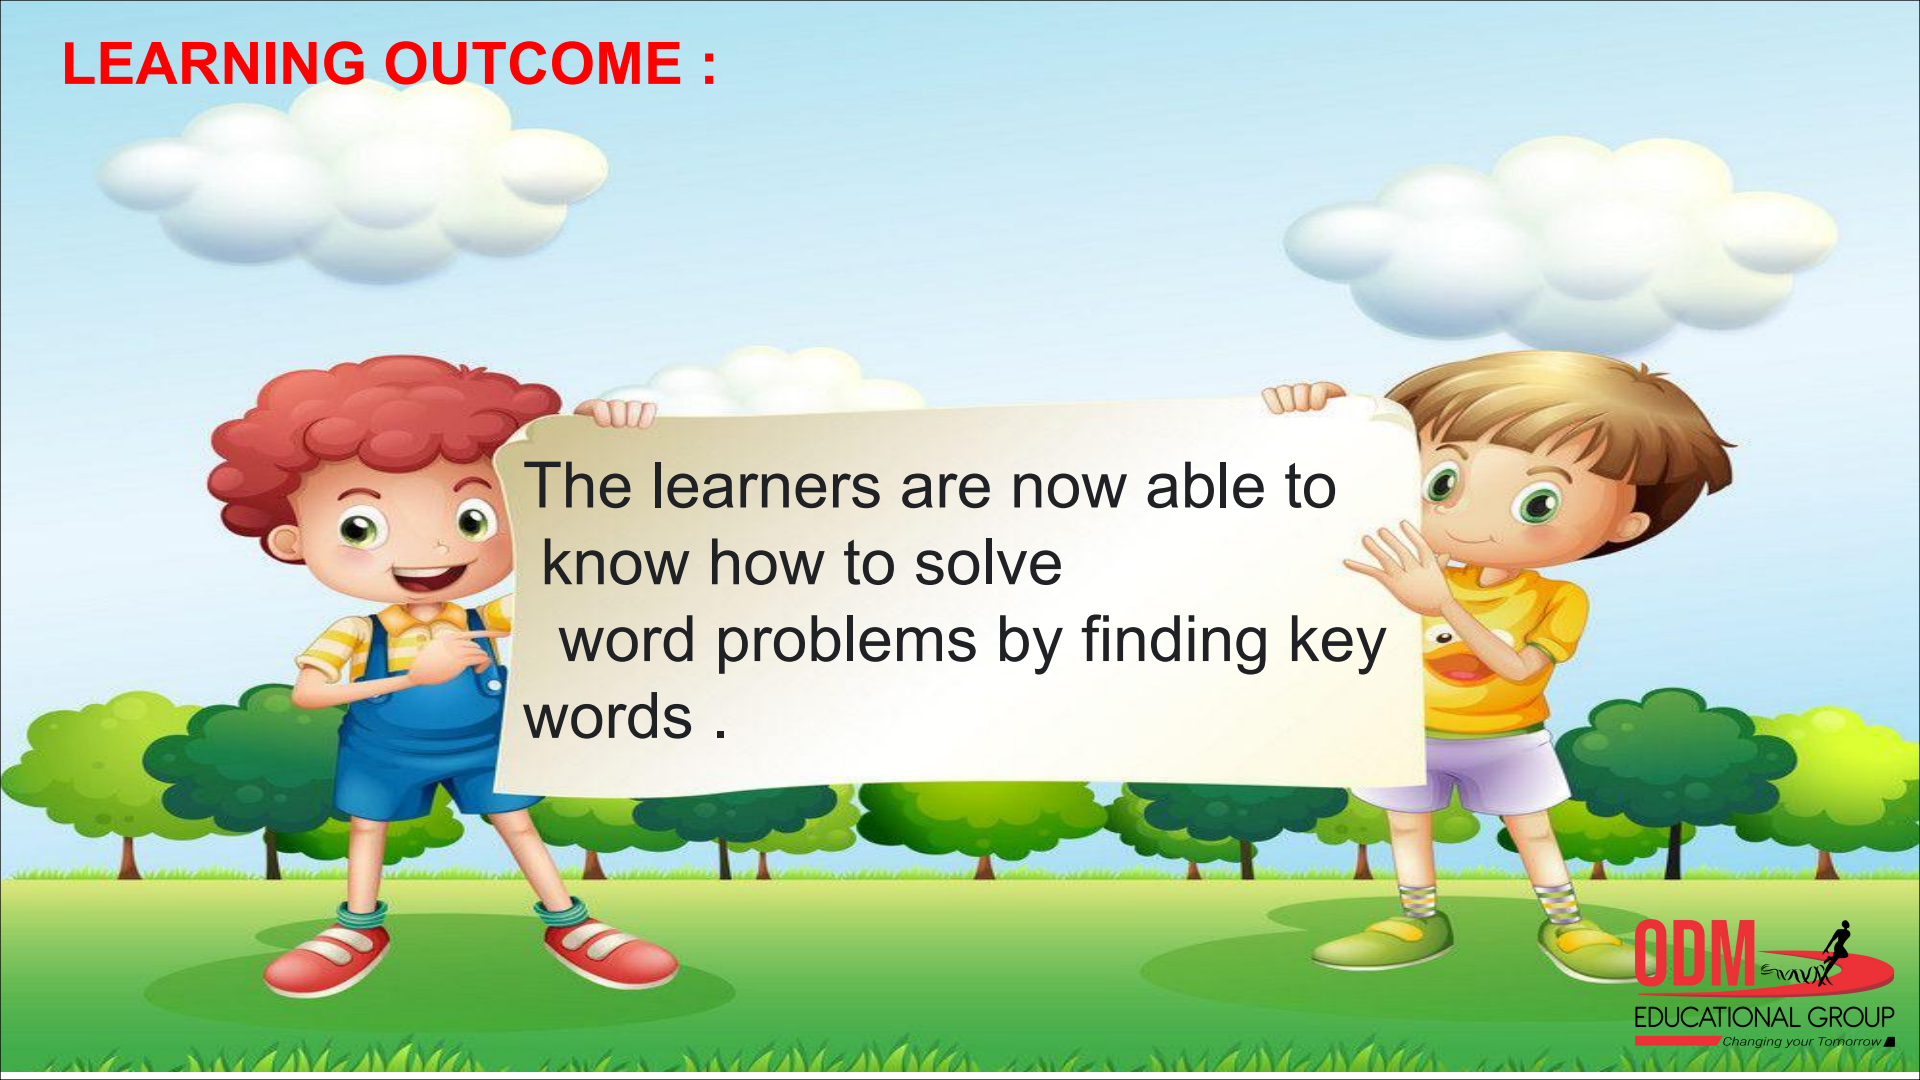

Number of toffees left

$$\begin{array}{r} \text{T} \quad \text{O} \\ 27 \\ - \quad 6 \\ \hline 21 \end{array}$$

So, Now he has 21 toffees.
