

Hw = 26-11-2021 Computer Homework
Swarnit Nath class-6 sec-B

1. Write down the steps to design a frame by frame animation?

Ans → Click on the keyframe dot in layer 1.
The animation will begin from this particular frame.

→ Now, Select the second frame in the timeline.

→ Click on Insert > Timeline > Keyframe

This will insert a ~~for~~ key frame in Frame 2

- > Use selection Tool, make slight change in the position of the star towards right side of stage.
- > click the third frame of the time line and press F6 to insert a keyframe in.
- > Continue insert keyframes by repeating the step above steps.
- > Preview the animation by clicking on the control > test movie ~~in anim.~~ etc.
