MCB Ch- 5 (Go the Amazon)

Worksheet (Answers)

Q1

A. Q1 > Zaid is an explorer who is about to go on an expedition. He is the elder brother of Seleiman.

A. Q2 > He was going to travel to the largest rainforest of the world which is the Amazon Rainforest located in South America.

Q3 > The Amazon River is located in South America. It originates from the Andes Mountains and flows through five countries, which are Brazil, Venezuela, Ecuador, Bolivia

and Peru.

A. Q4 > The Amazon River is so large due to two reasons, one of them is that it is located right at the equator and it rains almost everyday here. The other reason is because of its shape. The shape of the river basin is like a saucer and that is why whenever it rains, all the rainwater pours into the river.

A. Q5 > They have to rely on packrafts, canoes and boats because they cannot walk on the banks of the river, as the area is covered with dense forests.
