Worksheet

1. Where did the wind come from?
2. How did the wind travel across the sea?
3. Why was the wood bird's wings folded?
4. How could the field of corn and the belfry tower greet the day?
5. What does the wind ask the bird to do?

Answers

1. The wind came from the sea. It went to the mariners, forests, a bird, farms, belfry tower and churchyard.
2. The wind travelled across the sea by making its way through the mist and then approaching the mariners.

3. The wood bird's wings were folded because it can't fly at night.
4. The corn field will bow down to the coming morn and the belfry tower will ring at the morning hour.
5. The wind asks the bird to be awake and sing.
