

Biology O.C Homework

1-3) Label the parts of the urinary system.

Answers - 1) kidney, 2) bladder, 3) ureters

4-7) Match the parts of the urinary system with their functions.

Parts

Functions

C 4) Bladder

B 5) Kidney

D 6) Ureters

A 7) Urethra

A) tube where urine flows out of the body

B) filters the blood

C) stores the urine

D) thin tubes that transport urine from the kidneys to the bladder

8) Which statement is false about the urinary system?
Ans ✓ ~~The kidney is a single organ.~~

9-10) What happens when urine and is not eliminated out of the body?

Ans → The kidneys filter out the waste products and excess fluids from the body and dispose of them in the form of urine, via the bladder.
→ The clean blood flows back to other parts of the body. If our kidneys didn't remove them, it would build up in the blood and cause damage to our body.
