

1A I go to school at 7 A.m in the morning.

2 I do my homework 7 p.m.

B. Midday / noon

2 10 a.m

B 1) 18:00 - 6:00

2) 21:00 - 9:00

C 1) 9 p.m. - 21:00

2) 6 p.m. - 18:00

A 1) 18 day

1 day = 24 hr

so 18 day = $24 \times 18 = 432$ hr

2 11 days 20 hr

since 1 day = 24 hr

so 11 day = $11 \times 24 = 48$

$48 + 20 = 68$ hr

1) 8 hours

Since 1 day = 24 hours

$$\text{So } 8 \text{ hr} = 8 \times 24 = 192 \text{ min}$$

2) 20 hr 30 min

Since 1 day = 24 hours

$$\text{So, } 20 \text{ hr} = 20 \times 24 = 480$$

$$480 + 30 = 510 \text{ min}$$

3) 16 hours 10 minutes

Since 1 day = 24 hr

$$\text{So } 16 \text{ day} = 16 \times 24 = 384$$

$$384 + 10 = 394$$
