Dear Papa and Mamma

I am fine here and hope both of you are in good health. I am writing this letter to share my trekking experience with you. Two days back I went to Mussoorie for trekking with my classmates. We carried some foods and drinks in our backpacks. Everybody were excited as it was our first trip. There we had to stay in tents and with the keep of guides, we climbed the mountains. It seemed to be very dangerous. Although all steps were taken for our safety yet there was a fear in our minds. In the beginning we hesitated, but once we started, we forget our fear and enjoyed a lot. The entire trip

was ad venturous and exciting.  
I have planned to visit you next month. To  
spend quality time with both of you.  
I am eagerly waiting to meet you both.  
Take good care of you health.

With  
With lot's of love.

Aayush @Aayush
