I am a student of VI - A, Roll no. - 3, in your school. The students of the class have decided to request you, to arrange an extra math class for us. As the Final exam is coming and still some portions of Math are not covered yet. Many students have doubt in some question, as ~~was~~ the teacher is not able to clear all their doubt. So, we request you to arrange an extra class for Maths. We will feel obliged, if you do this pleasure for us.
