

Dairy Entry

Write a dairy entry, imagining yourself as a common citizen in the kingdom of Joru, describing how you spent your time when the days and on the nights were exchanged.

Dear Diary,

Our stupid king, and ~~his~~ minister have passed a new law in the kingdom. They want to be different, so they both decided to change day to night and vice-versa. Then onwards everyone including me would ~~had~~ work during the night and to sleep in day. The cattle of mine were taught to sleep during day ~~at~~ times. As I am a farmer, ~~it~~ Then how would I work during night without light. And I can't even oppose this law, if I do so then I would be executed. So, I would move away from the kingdom and settle in the neighboring kingdom.
