

Rabbit

is a living things.

Umbrella

is a non living things.

Things that have life are living things. All living things breathe, eat, grow, move, feel and reproduce. For example Rabbit. It can move and search for food by own.

Things that do not have life are non living things. Non living things do not breathe, eat, grow, move, feel and reproduce. For example umbrella, It is a non living thing. It cannot move by own. It can be used by human beings.
