Subject: write an application to the principal for arranging extra classes in maths.

Sir,
with due respect, I would like to state that my name is Aditya preet am. I am a student of class VI. I am facing a serious problem in mathematics as as I am not able to understand some topics which sir told me in the class. sir you can only help me to face these problems. as my exam are coming I will not be able to score highest marks in mathmatic the class IF

you not help me . this time I have that dedication and determination to score highest marks in mathmatic and prove myself that who I am to all people who say to me that your maths is weak. sir so plz can you arrange extra classes for mathmetics as I am facing the proba blem and I want to score highest marks . I hope that you will help me as helping others is a true helpin g . hope it helps plz mark my answer as brainest answer.

yours obidently
Aditya preetam
