

9/8/21

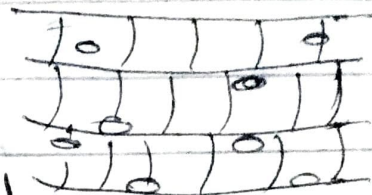

## Home work

1. Draw the diagram of three different types of muscles. Write two characteristics of each type.

→ (i) Skeletal muscle

- These are <sup>are</sup> Voluntary muscles

- They are usually attached to skeleton.

(ii) Smooth muscle

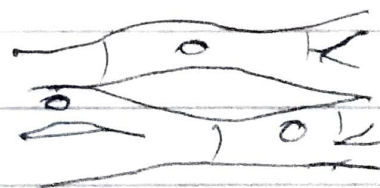

- These are involuntary muscles

- They form covering wall of internal organs

(iii) Cardiac muscle

- These are involuntary

- They form only covering walls of the heart.

2. Draw the Diagram of Nervous tissue.
