1. ~~Write~~ Write the name of 2 tropical and temperate grassland.

Ans. Two ~~names~~ ^{name} of tropical grassland →

- Pampas
- Downs

Two names of temperate grassland →

- Prairies
- Steppes

2. The part near your house has a large ~~lot~~ lawn with grass growing in it. Can it be called a grassland? Why?

Ans - No, The part ~~near~~ near our house

has a large down with grass growing in it. It can't be called grassland because grasslands are natural habitats that have been grown by the nature. But the park near our house have grasses planted by the humans ~~it~~ so it is an artificial.
