Q-6) What were the basic principles which all the Bhakti saints emphasised?

Ans \* The basic principles which all the Bhakti saints emphasised :-

- \* They believed in the oneness of god - god was one, despite many names
- \* They believed in bhakti or total surrender and devotion to god
- \* They believed in the equality of all human beings. God was inside every person
- \* They believed that the way to realise god was through simple living and loving and serving others.
- \* They denounced elaborate rituals in religion and spoke against superstitions
- \* They believed in god who could be approached directly without the help of priest

\* They believed that people could pray to god in their own simple language and questioned the role of Sanskrit as the only language of prayer.
