

La vie d'un mannequin est-elle facile?

Translation

Emelie, the sister of Caroline is 19 years old and is a model. Emelie is very beautiful, blonde and thin. She loves her job. She earns a lot of money. She wakes up at 7:30. First of all, she gets up and brushes her teeth. Then, she goes to the bathroom. She takes a shower and she washes her hair. She puts on make up and she dresses: jeans and a T-shirt. Then, she goes down to the dining room. She has a light breakfast but rich in protein: yogurt, toast and cereals. She has several contracts. She ~~phones~~ phones her agency to make her appointment.

She has a photo shoot at 11 o'clock for a presentation of winter costumes. She goes to agency and she works all afternoon. At ~~2 o'clock~~ 2 o'clock, she eats: just a steak-salad and mineral water! The life of a model is not easy. At ~~5 o'clock~~ 5 o'clock she has another appointment. She goes home at 7 o'clock. She's tired. She dines at 8:30 o'clock. She watches TV, she listens to the messages on her ~~answering~~ responder and finally at 10 o'clock she goes to bed and she goes to sleep. Tomorrow she will participate in a fashion show.
