Write a paragraph on Mother.

The mother is an example of love, patience, affection and loyalty. Mother is a word which fills everyone's heart with emotions. Mothers are a gift from god. My mother is my first teacher and first best friend. My mother always took care of me. I always share my happiness and sadness ^{with} my mother. She always helps me in my study. When I make any mistakes she shouts at me but also showers a lot of love upon ~~my mother~~ me. My mother symbolizes "Adi Shakti" for me. She does all the works at same time. No one can ever take place of a mother. My mother is everything to me.
