- theirs
- he, them
- they, it
- It
- You, He

Short Paragraph on Floods

Flood is a type of natural hazard, affecting humans. A flood can also cause severe damage to buildings. Trees shouldn't be ~~cut~~ cut down as it is the ~~most~~ major reason for flood. It is one of the riskiest disasters and most risky. It happens when too much water is collected in any area. It happens because of heavy rain. The overflow of rivers causing this natural disaster is widespread in rural areas. One of the causes of flooding is heavy rain.
