

## HOMEWORK

Today we are going to manual school. We take the first street on the left, then we go straight ahead & voila. We are in front of the school. Its a great school. It has a ground floor & 2 floors. The sports field is behind the school. The classroom is on the second floor. In the classroom, there are tables, chairs for the pupils, a desk, a chair for the teacher & a blackboard. There is also a map of France against the wall.
