Ch. Democracy and Diversity

- ① Some people conclude that politics and social division should not be allowed to exist. Support this idea with arguments.

Ans. The statement is correct. If political and social divisions allowed to wither then it may lead to some unrespected ~~unpleasant~~ results.

The results can be very explosive and dangerous.

→ Democracy involves competition among various political parties which leads to fragmentation of the society. This ~~the~~ will lead to political divisions and which ultimately ~~will~~ will be the reason for conflict, violence and even disintegration of a country.
