

WORLD WITHOUT OIL

1. ~~With~~ Oil is needed for air, ~~water~~, sea, road, ^{and} railway transport ~~and also~~ like goods like coal, plastic, turpentine, etc needs oil.
2. We should save oil by using cycle, walking ~~because~~ and using ^{less} ~~more~~ plastic, ~~or~~ don't waste gas when cooking. ~~to~~ it is also good for health.
3. Without oil the fruits, vegetables and other ^{food} which ~~get for~~ ~~from~~ far they get rotten.
4. The satellite from space could not go to space and the communication over ~~in~~ whole world ~~will~~ ~~stop~~.
5. There will ~~to~~ be no electricity and at night there will be dark. ~~But~~ it have a good merit that the air, water and land pollution will reduce ~~and~~ and the global warming will stay still ~~and~~ quite as before 1000 years.
6. It will also harm to medical technology, material technology, science technology and ect but the world will greenery and beautiful.
