

Hand

1 Draw the diagram of female reproductive system.

Female reproductive system

2 Differentiate between Spermatogenesis and Oogenesis.

| Spermatogenesis | Oogenesis |
|---|---|
| * The production of sperms is known as spermatogenesis. | * The production of eggs is known as Oogenesis. |
| * Occurs in Testes | * Occurs inside the ovary. |
| * It is a continuous process. | * It is a dis-continuous process. |
| * Produces mobile gametes | * Produces non-mobile gametes. |
