1. What does the constitution say with regard to equality? Why do you think it is important for all people to be equal?

Ans- The constitution says equality should be among all people and provides fundamental rights to all the people which grant them equality. Equality is very much important because it stops prejudice and discrimination. If we all think that we all are equal in every respect, we can help our country to be a developed nation.

2. a) If a friend begins to ~~do~~ tease a classmate, we should stop him/her and tell him/her that all people are equal.

b) The people should raise their voice and report it to them.

c) We should aware them that they should not practice untouchability and shouldn't think anyone is dirty.
